

Marston Magna response to Covid-19

A message from the Parish Council: On behalf of the Parish Council and the Village of Marston Magna, I would like to say a huge thank you to all the wonderful volunteers that are doing such good work in ensuring the more vulnerable can be protected from the threat of this dreadful virus. A cheerful face, a phone call, shopping and just caring, is much appreciated. A big thankyou as well to the team of volunteers who deliver the magazine, the flyer and Rev. Barbara's Easter Card. Please find below a revised list of people willing to be contacted for assistance, as well as some information about local delivery services. Keep safe and well,

Lawrence Hopkins

During this global crisis, community is crucial! After the government's advice to social-distance/self-isolate, we have put together a group of people who are willing to be contacted for assistance with shopping, dog walking, collecting prescriptions, posting mail, tech help, and more.
